Author: Yasser Ibrahim

At what line in the following program the file "data.txt" will be created in the file system?

```
import java.io.BufferedWriter;
import java.io.File;
import java.io.FileWriter;
import java.io.IOException;

public class Tester {

    public static void main(String[] args) {
        try {
            File file = new File("data.txt");// line 5
            file.createNewFile(); // line 6
            FileWriter fr = new FileWriter(file); // line 7
            BufferedWriter br = new BufferedWriter(fr); // line 8
            br.append("javachamp");
            br.flush();
            br.close(); // line 11
        } catch (IOException e) {
            e.printStackTrace();
        }
    }
}
```

Please choose only one answer:

- Line 5
- Line 6
- Line 7
- Line 8
- Line 11
